

## TES Bucket Fillers

Here at Tomahawk Elementary School students, staff, and parents are readily seen filling buckets. We know that when our buckets (hearts) are filled with goodness and love, we feel good and are more able to go forth doing good for others. Community, staff, and students are welcome to share bucket filling messages with our students and staff by filling out "Bucket Filling" slips. These slips are read on the announcements each day. If you would like to fill a bucket, simply stop in to fill out a slip or cut one of these slips out and drop it off or send it in to the Elementary Office.

After bucket fillers are read on the announcements, these are being posted in the elementary cafeteria to show all the bucket filling that has occurred in our school! Such a positive message to share with others. Fill someone's bucket today!
