STUDENTS: This course is designed to help adults learn to assist children (ages 2-4K) in the beginning foundation of swimming skills in a hands-on environment. Basic water adjustment, safety and swimming fundamentals will be covered.
Please Note: Children who are currently in their 5-year-old-Kindergarten year in school should **NOT** be registered for this class – the Tomahawk Swimming Pool offers summer swimming lessons for children who are currently in 5K and older – information for these classes will be made available to all St. Mary's School and Tomahawk School District students in Monday folders on April 9th with registration beginning on Saturday, April 21, 2018.

ADULTS: Any adult over the age of 18 is eligible to bring a child to this class! We have in the past had parents of course, but also grandparents, aunts and uncles, and adult babysitters. The only "rule" is that ONE adult can take only ONE child into the water for class – if you have more than one child that you wish to register, there must be an additional adult for the second child in the same class, or you may register for 2 back-to-back classes as long as child care or pick-up is arranged for the other child who is not in the water.

COURSE FEE: \$30.00 per adult/child combination.
