

It is the policy of the School District of Tomahawk to ensure that homeless children and youth are provided with equal access to educational programs, have an opportunity to meet the same challenging state academic achievement standards, are not segregated on basis of their homeless status, and to establish safeguards that protect homeless students from discrimination on the basis of their homelessness.

Each homeless child or youth shall be provided comparable services offered to other students in the school.

For more information on the School District of Tomahawk's services for homeless children and youth, please contact Dr. John Sample at 715-453-2106 ext. 405.
