

## **2019 TOMAHAWK SUMMER SWIMMING AND WATER SAFETY PROGRAM**

**Registration** for the 2019 Summer Swimming and Water Safety Program at the Tomahawk Swimming Pool **WILL TAKE PLACE COMPLETELY ON-LINE THIS YEAR!** All classes have limited sizes (please see class “Max” on the attached information for each class section). All classes will be filled on a first come-first served basis. Registrations will be timestamped to ensure that class spots are filled in the order they were completed. You will be required to make a first choice and second choice of class using the Google Form at the on-line address that you will be able to find by accessing the Tomahawk School District Website at <http://www.tomahawk.k12.wi.us/> At the far right of the school webpage, there is a tab “Community”, pull down to open access to the “Pool”. Look for the tab at the left side of the “Pool” page named “Summer 2019 Swimming Lessons”. Information about the program as well as the link to click on to take you directly to the Google Registration Form will be found there at some point during the week of April 8-11 as soon as the webmaster has uploaded the information.

Please note that the Google Registration Form for Summer 2019 Swimming Classes **WILL NOT OFFICIALLY OPEN UNTIL 8:00 AM ON SATURDAY, APRIL 13<sup>th</sup>!**

Aside from brief outages to allow staff to keep up with the volume of registrations coming in to assure that classes do not become overloaded, the Google Registration Form will then remain open throughout the summer because we offer classes during 3 separate date sessions (see attached session and class date information on the following pages.) Once you have completed your registration and a class spot has been reserved for your swimmer, a confirmation email will be sent to the **REQUIRED** email address that you provide on the registration form. Please note that it will be important for you to know the **CORRECT SWIMMING LEVEL** for your swimmer **BEFORE logging-on** to register! Please see the next page for instructions regarding how to determine your swimmer(s) correct level!

We project enrollment levels as closely as possible to the amount needed for each swimming level. We will **not** overload classes to more than the maximums listed on the following information so we can be sure to provide the best in instruction for your children, so please be prepared as you will be asked for at least two choices of classes that will work for your schedule in case your first choice is full when you log-on to register. We have tried to offer as many session/time options at each level as possible for your convenience. There will be two or three different levels going on in the pool at all times, with three certified teachers (plus teaching assistants and lifeguards) on staff at all times.

\*\*Returning this summer after several years, to allow us to partially recoup costs of teaching and lifeguard staff, there **WILL BE A REQUIRED FEE OF \$20.00 PER SWIMMER, PER SESSION OF LESSONS** for all of the Summer Swimming and Water Safety Classes at the Tomahawk Swimming Pool. As part of the Google Registration Form that you will fill out when you register, you will be asked how you would like to pay your fee for swimming lessons for your children this summer. You will have the option of either dropping off cash or a personal check at the pool, or by paying on-line using “Skyward Family Access”. Complete payment information will be included in each family’s confirmation email which you will receive from the pool office after you register. All payments **MUST** be received within 2 weeks your initial registration date, or the class spot(s) originally reserved will be cancelled and re-opened to other registrants.

**In addition to the fee above, please note that the following requirements MUST be met by all:**

\*\*The classes can only be attended by the registered swimmer.

\*\*In order for a registered student to be considered for advancement to the next swimming level, a minimum of 10 class dates must be attended AND positive performance/check off of all swimming skills must be completed.

\*\*If the registered swimmer will not be able to attend the class as registered, the parent or guardian **MUST** contact the pool in a timely manner to cancel the registration, so that other students on waiting lists may attend the classes.

Please read the attached information carefully, especially the special notes and requirements for each course offering, to help your on-line registration process go as smoothly as possible. If you have any questions about the program, please e-mail to [kohlm@tomahawk.k12.wi.us](mailto:kohlm@tomahawk.k12.wi.us) Please do not call the school offices or the pool director’s home phone for information about swimming lessons—thank you! **Please see over, and attached for course offering information.**

Thank you for your interest and we hope to see you at the pool this summer!

# 2019 TOMAHAWK SUMMER SWIMMING AND WATER SAFETY PROGRAM

## JUNIOR LIFEGUARDING:

**ENROLLMENT:** Minimum for class to run is 6; Maximum allowed is 10 students.

Class runs 3 hours per day for 12 days, during Session 3, July 22 through August 6, 2019:

	Week of July 22-26, Monday through Friday
12 total days of class	Week of July 29-August 2, Monday through Friday
	Week of August 5-6, Monday and Tuesday ONLY!

## **JUNIOR LIFEGUARDING SPECIAL REQUIREMENTS:**

**100% attendance of all listed dates is required for this class!**

Students must be 12 years old or older by August 6, 2019. Students should have completed Level 6 swimming or have instructor approval for admittance to the course. This course is designed for those students with a serious interest in swimming and water safety. It involves classroom, video and textbook study and lecture, as well as water instruction. Written and water testing must be successfully completed to pass the course. Students will also be instructed in American Red Cross First Aid and Adult CPR/AED, and will receive certification in these topics upon successful completion of practical and written tests. This course serves as a good prerequisite to the American Red Cross Lifeguard Training Course. Please note, this class **DOES NOT** “certify” the student to work as a lifeguard!
