

# Welcome

**Please introduce yourselves.**

# Today's Objective and Process Timeline

- × Feb 9 8:30-10:30- Building our understanding of SEL & Data Review of Tomahawk Schools
- × Feb. 23 8:30-10:30- Build Foundation and Shared Vision
- × March 9 8:30-10:30- Program Deep Dig
- × April 13th 12:30-2:30- Program Reps & Cross Analysis
- × May 4 12:30:2:30- Final Recommendation

# Share Life Lesson

Record one life lesson you are glad you learned early on that has served you well .

# Social Emotional Learning

Social and emotional learning (SEL) is an integral part of education and personal development.

SEL is the process through which all young people and adults acquire and apply the knowledge, skills, and attitudes to develop healthy self-concept, manage emotions and achieve personal and collective goals, feel and show empathy for others, establish and maintain supportive relationships, and make responsible and caring decisions.

## Vision

Empowering all students to be socially responsible,  
life-long learners in an ever changing world.

## Mission

The School District of Tomahawk will become the school district of choice  
known for its high levels of student achievement,  
the excellence of its programs, and its sound stewardship.

<b>Teaching, Learning, &amp; Relevance</b>	<b>The Whole Student</b>	<b>Communication &amp; Community Engagement</b>	<b>District Workforce</b>	<b>Operational Excellence</b>
Adaptive and focused pathways for student growth.	Acknowledgment of the balance of student needs for social emotional development.	Engaging our parents and community stakeholders through excellence in communication.	To attract, retain, and support district staff.	Providing quality facilities and budgeting to support student, staff, and community success.

## Increased Focus on the “Whole Student”

- “Teachers directly teach soft skills.”
- “We are showing our children to take care of themselves, each other, of their community to include all living things.”
- “Every employee should be trained in mental health.”
- “Promoting mental health and looking at the whole child.”

**#GoHatchets**

# FOCUS ON THE FUTURE: IT'S THE YEAR 2029.

In the present tense, describe how SDT is preparing students. For our kids, for ourselves, and for the community.

\*A preferred future, NOT a prediction of fantasy

# Data as a Flashlight

Data is collected and analyzed in order to answer critical questions facing all education stakeholders. Student data shines a light on **our current reality**, so decisions at all levels are informed by high-quality data aimed at improving the achievement and well-being of every student.

B.e.s.t Universal Screener  
Behavior Incidents  
Hawaii Room Visits

# B.e.s.t. Data 2020-2022

The b.e.s.t. (behavioral emotional social traits) is a screener used by teachers to score students on externalizing and internalizing behaviors. The results are used to build on the behavioral health of students and identify students who may benefit from behavioral support. The overall mental health has decreased by 5.9%. <https://www.bestuniversalscreening.com/overview>

# Behavior Incidents 2020-2022

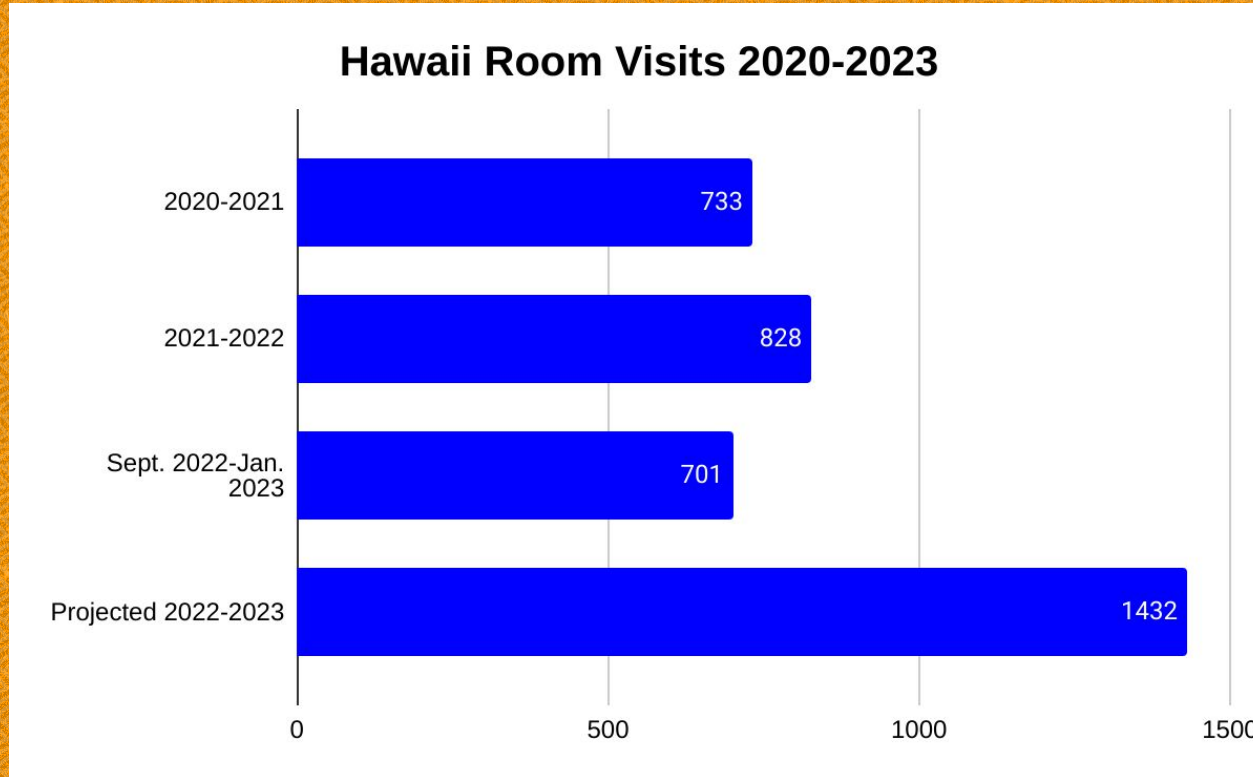

# Behavior Incidents 2020-2022

# Hawaii Room Data 2020-2023

Hawaii is a room in the elementary used to provide a safe environment for restoration and refocus. Life skills and self-regulation skills are taught to students individually needing support after strategies have been tried in the classroom. A projected visit increase of 51%.

The **SAEBRS** (Social, Academic, and Emotional Behavior Risk Screener) is a brief, norm-referenced tool for screening all students to identify those who are at risk for social-emotional behavior (SEB) problems. SAEBRS is one of the only SEB universal screening tools built to assess both the absence of problem behaviors and symptomatology (e.g., internalizing and externalizing behaviors) and the presence of well-being and competencies (e.g., social-emotional skills).

# High School

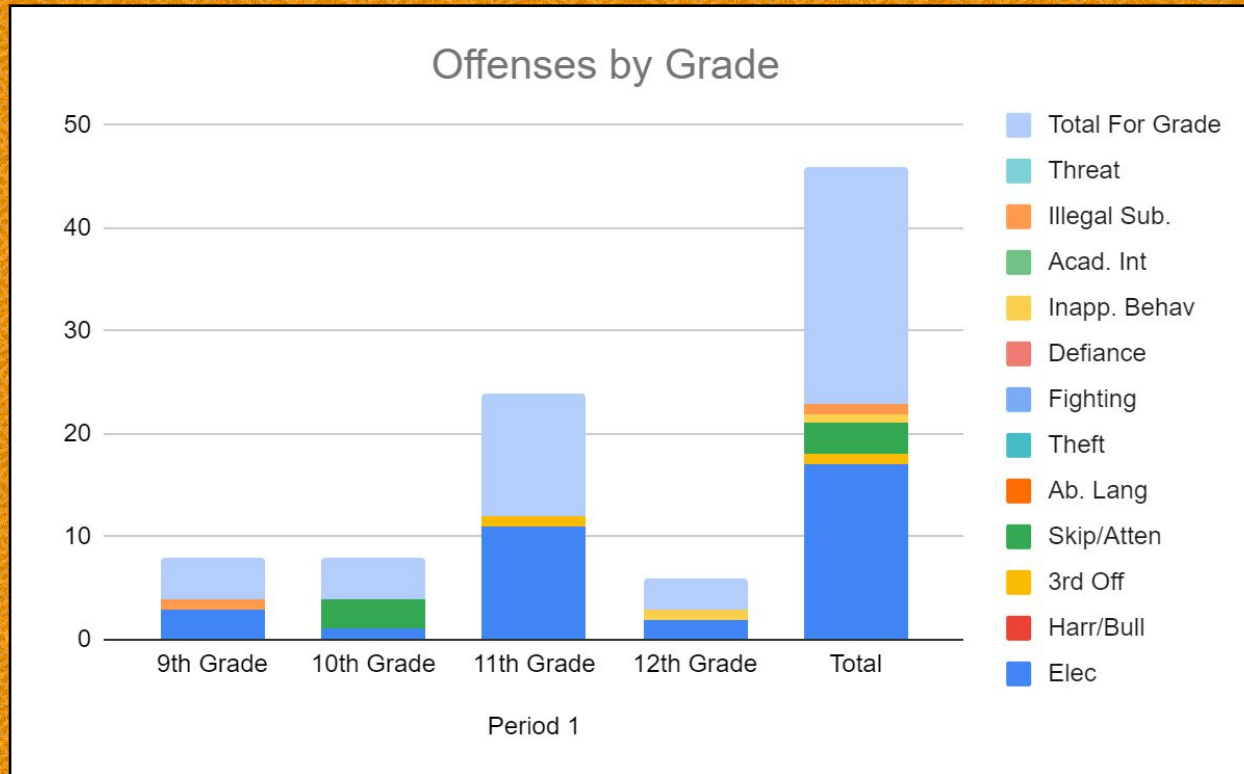

The Department of Public Instruction routinely administers the Youth Risk Behavior survey and the results indicate:

Wisconsin students generally reported experiencing significant mental health challenges while having fewer supports at school and at home. More than half of all students surveyed (52.2 percent) self-reported “significant problems with anxiety,” with 80.5 percent of students who identify as lesbian, gay, or bisexual (LGB) saying they have anxiety challenges. Two of every three female students surveyed (66.2 percent) also reported experiencing anxiety. Over one-third of all Wisconsin students surveyed (33.7 percent) reported feeling sad or hopeless almost every day for more than two weeks in a row, a statistically significant increase of 5.2 percentage points since 2019 and the highest rate since the YRBS was first administered. Among those students, 66.1 percent who identify as LGB and 46.1 percent of female said they felt sad or hopeless.

**What I Notice, What I  
Wonder...**

# **FOCUS on The Future**

The current 5 year old Kindergarten Class is  
Tomahawk's Graduating Class of 2035

# What are our major hopes and dreams for our community and our school?

What are the major needs, hopes, and concerns of our community at this moment?

What should our school feel like, sound like, and look like to best serve our community?

What kind of skill building is most important in supporting our students?

What do students and adults need in order to thrive here?

What have we learned from building closures about the role of the school in supporting students and families?

**Next Meeting: Feb. 23, 8:30-10:30**

- 1. Build a Vision for our School District including what we want students to know, understand and do**
- 2. Criteria of Quality Programs**
- 3. Access to view programs.**

THANK  
YOU
